# Assembly

See pictures on next page if you need help with placement

Two diagrams have been included if you are having trouble making out the placement of the feathers

- Sew the beak onto the head
- Sew the body onto the bottom of the head
- Sew the haunches onto either side of the body
- Sew the wings on either side of the body above the haunches
- Sew the feet onto the end of the legs
- Sew the legs onto the body in front of the haunches
- Sew the two small feathers next to each other onto the back of the body
- Sew the large feather just above the two small feathers
